The attachments below are the complete set of new NPDES permits for both of the canneries. The new permit is final. I am searching for an electronic copy of a NPDES compliance inspection report.

Subject: Cannery permits

Hi Carl,

Files for the cannery permits are attached, excluding monitoring maps and standard conditions. As we discussed, I did not mail copies to Steve Costa, but copies of the permits are in the mail to everyone else on the mailing list. I don't know how smoothly these files will transfer. I viewed them after attaching them to this email and they were pretty messy. Maybe they will print correctly.

Sara
